Dear Anokh,

Congratulations! We're excited to let you know that you've been matched with the following students:

**August Wang (Jacobs Technion-Cornell Dual Masters Degree in Connective Media), Allen Lu (Master of Engineering in Computer Science), Helen Li (Master of Engineering in Operations Research and Information Engineering), Kushan Dixit (Master of Engineering in Data Science & Decision Analytics)**

This semester, you'll be exploring the following "How Might We" challenge:

*How might we improve trust in financial services?*

We would like to invite you to an information session designed specifically for industry advisors like yourself. During this session, we'll walk through the curriculum and outline expectations for the upcoming semester.

**Date:** Wednesday, September 2**Time:** 11:00 AM – 12:00 PM ET**Location:** Zoom (link provided upon RSVP)Please **RSVP Here** to confirm your attendance. If you're unable to join live, don't worry — the session will be recorded and shared with you afterward.

In the meantime, you can expect to be connected to your student team by the end of the week for introductions and scheduling your first meeting. That initial conversation will be a great opportunity to start shaping your understanding of the challenge together and begin generating early ideas.

If you have any questions or need support along the way, don't hesitate to reach out—I'm happy to help!

We look forward to a great semester ahead!

Best,

Giulia
